What's Included?

- Teacher Directions & Tips
- 20 Problem Cards
- Student Recording Sheet
- Extension Activity: Create a matching word problem
- Answer Key

20

Problems

Round to the nearest tenths.

5.89

Round to the nearest hundredth.

6.333

Round to the nearest Whole Number.

8.546

Round to the nearest thousandth.

7.7211

Round to the nearest hundredth.

2.365

Round to the nearest tenth.

14.236

Extension Activity

Students create a
matching word
problem.

Name: _____

Create a Matching Word Problem

Directions: Use the numbers from the cards to write your own matching word problem.

Name: _____

Create a Matching Word Problem

Directions: Use the numbers from the cards to write your own matching word problem.

How to Use:

1. Print out each page. You can print on cardstock and/or laminate to help the cards last longer.
2. Cut out each card. There are 4 to a page.
3. Place the cards around the room or tape the cards to the walls, back of student chairs, doorways, etc.
4. Give students a clipboard. They'll walk around the room to find the cards.
5. Students will find the card that matches each shape. They'll solve the problem then write the answer in the box that matches the shape.

Students are up and moving around the room while solving math problems. That's a WIN!
