

Area & Perimeter

SOLVE THE ROOM

$L = 8 \text{ cm}$
 $W = 3 \text{ cm}$

$L = 2 \text{ mm}$
 $W = 6 \text{ mm}$

$L = 7 \text{ in}$
 $W = 5 \text{ in}$

$L = 8 \text{ cm}$
 $W = 6 \text{ cm}$

Name: _____

Directions: Find the card that matches each shape and solve the problem. Write the answer in the box that matches the shape.

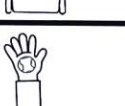

$L = 5 \text{ ft}$
 $W = 2 \text{ ft}$

Students find problems around the room & write the answers on their recording sheet.

Name _____

Directions: Find the card that matches each shape and solve the problem. Write the answer in the box that matches the shape.

What's Included?

- Teacher Directions & Tips
- 20 Problem Cards
- Student Recording Sheet
- Extension Activity: Create a matching word problem
- Answer Key

20 Problems

L = 7 mm
W = 8 mm

A simple line drawing of a plastic bottle with a cap, centered below the text on a light green background.

L = 8 cm
W = 3 cm

A blue recycling symbol consisting of three chasing arrows forming a triangle, centered on a blue background.

L = 2 mm
W = 6 mm

A line drawing of three children (two boys and one girl) holding hands and standing on top of a globe, centered on a light green background.

L = 7 in
W = 5 in

A blue heart shape containing a white recycling symbol (three chasing arrows), centered on a blue background.

L = 4 in
W = 4 in

A line drawing of a globe showing the continents of North and South America, centered on a light green background.

L = 5 ft
W = 2 ft

A line drawing of a trash can with vertical ridges, centered on a blue background.

Extension Activity

Students create a matching word problem.

Two worksheets are shown, both titled "Create a Matching Word Problem".

Worksheet 1 (Green Header):

Name: _____

Create a Matching Word Problem

Directions: Use the numbers from the cards to write your own matching word problem.

Worksheet 2 (Blue Header):

Name: _____

Create a Matching Word Problem

Directions: Use the numbers from the cards to write your own matching word problem.

A blue pen is resting diagonally across the right side of the blue worksheet.

How to Use:

1. Print out each page. You can print on cardstock and/or laminate to help the cards last longer.
2. Cut out each card. There are 4 to a page.
3. Place the cards around the room or tape the cards to the walls, back of student chairs, doorways, etc.
4. Give students a clipboard. They'll walk around the room to find the cards.
5. Students will find the card that matches each shape. They'll solve the problem then write the answer in the box that matches the shape.

Students are up and moving around the room while solving math problems. That's a WIN!
