

Rounding Decimals

SOLVE THE ROOM

Round to the nearest
hundredth.

3.244

Round to the nearest whole
number.

891.245

Round to the nearest tenth.

0.548

Round to the nearest
hundredth.

21.126

Round to the nearest whole
number.

74.569

Round to the nearest tenth.

2.157

Name: _____

Directions: Find the card that matches each shape and solve the problem. Write the answer
in the box that matches the shape.

Round to the nearest whole number.

Round to the nearest hundredth.

8.955

sunscreen

Students find problems around the room & write the answers on their recording sheet.

Name _____

Directions: Find the card that matches each shape and solve the problem. Write the answer in the box that matches the shape.

What's Included?

- Teacher Directions & Tips
- 20 Problem Cards
- Student Recording Sheet
- Extension Activity: Create a matching word problem
- Answer Key

20 Problems

Round to the nearest hundredth.

21.126

Round to the nearest tenth.

2.157

Round to the nearest whole number.

74.569

Round to the nearest tenth.

0.548

Round to the nearest whole number.

891.245

Round to the nearest hundredth.

3.244

Extension Activity

Students create a matching word problem.

Two worksheets titled "Create a Matching Word Problem" are shown, overlapping each other. The top worksheet has a pink border and the bottom one has a blue border. Both worksheets include a "Name:" line and "Directions: Use the numbers from the cards to write your own matching word problem." instructions.

The top worksheet (pink border) lists the following items in a column:

- 
- 
- 
- 
- 
- 
- 
- 
- 
- 

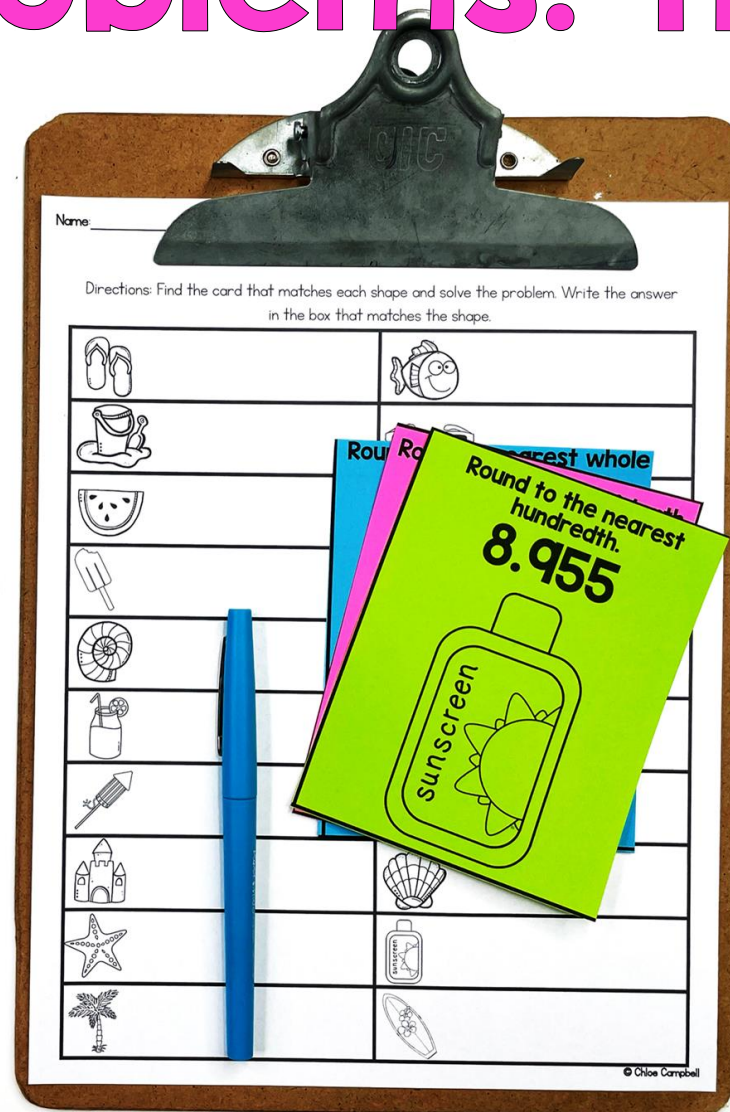

The bottom worksheet (blue border) lists the following items in a column:

- 
- 
- 
- 
- 
- 
- 
- 
- 
- 

How to Use:

1. Print out each page. You can print on cardstock and/or laminate to help the cards last longer.
2. Cut out each card. There are 4 to a page.
3. Place the cards around the room or tape the cards to the walls, back of student chairs, doorways, etc.
4. Give students a clipboard. They'll walk around the room to find the cards.
5. Students will find the card that matches each shape. They'll solve the problem then write the answer in the box that matches the shape.

Students are up and moving around the room while solving math problems. That's a WIN!
