Extension Activity

Students create a matching word problem.

Two worksheets titled "Create a Matching Word Problem" are shown, overlapping each other. The top worksheet has a pink border and the bottom one has a blue border. Both worksheets include a "Name:" line and "Directions: Use the numbers from the cards to write your own matching word problem." instructions.

The top worksheet (pink border) lists the following items in a column:

-

How to Use:

1. Print out each page. You can print on cardstock and/or laminate to help the cards last longer.
2. Cut out each card. There are 4 to a page.
3. Place the cards around the room or tape the cards to the walls, back of student chairs, doorways, etc.
4. Give students a clipboard. They'll walk around the room to find the cards.
5. Students will find the card that matches each shape. They'll solve the problem then write the answer in the box that matches the shape.

Students are up and moving around the room while solving math problems. That's a WIN!
