

# This resource includes:

- Teacher Direction Page
- Board Game
- 20 Question Cards
- Student Recording Sheet
- Teacher Answer Key

# Teachers Like You Say:

★★★★★ Extremely satisfied

These are great for small group stations! What a fun task card adaptation. Students get to play a fun and competitive board game, but they also get to practice learning. Plus, the recording sheet makes it easy to grade and monitor student progress; they aren't just playing they are actively learning and participating with evidence of ability. Great resource!

★★★★★ Extremely satisfied

My students love games especially when they can compete with each other. Best resource with so many different options.

★★★★★ Extremely satisfied

My students love playing games and a simple, easy prep game like this is a great addition to math centers, early finisher activities, and review days.

# What's the best way to use this board game?

- Math Centers or Stations
- Whole Group Practice
- Morning Work
- Early Finisher Activity
- Substitutes
- Send Home to Engage Student Families

7 - Ms. Thomas bought 25 books at the rate of \$16.99 per book. How much did she spend?

19 - Dean went to a concert. He spent \$24.50 on transportation, \$98.45 on the ticket, and \$45.32 on souvenirs. How much money did Dean spend?

11 - Jorge's mom sent him to the store with \$50. He picked up 2 sodas at \$3.99 each, 4 bags of chips at \$4.50 each, and 2 gallons of milk at \$5.50 each. How much change will Jorge receive?

### Money Word Problems Recording Sheet

Name: \_\_\_\_\_

1	2	3	4
		80	\$63.00
5	6	7	8
\$9.33	33 games		
	10	11	12
		\$13.02	

# Hold students accountable with a recording sheet

# Tips for Playing Math Board Games:

- Read the directions to the students and model how to play.
- Be prepared with dice/spinner and game pieces for each player (paperclips, pencil top erasers, pieces from another game, etc.)
- Every student should solve every problem – not just the person who rolls.
- Create groups of 2-4 students. The lower number of students means the more focused students are while playing.

# Tips for Playing Math Board Games:

- Remind students that the focus is not playing the game but that's just an added bonus! The focus should be on practicing math skills.
- Show students how to compare and discuss answers. Did you both get the same answer? If students get different answers, ask them to solve the problem using a different strategy or help coach each other through the problem.

# Why Board Games?

Research shows that challenge-based gamification in the classroom leads to an increase of 34.755% in student performance

(ScienceDirect, 2020).
