TEACHER DIRECTIONS

Print the puzzle pieces on cardstock or regular paper. If you are looking to use them for years, it's worth the time to laminate them. Cut out the puzzle pieces and store in a labeled plastic baggie.

Perfect to use at a teacher table, work station, partner practice, independent check, or end of lesson assessment.

This resource comes with a recording sheet to hold students accountable while they work.

TEACHER TIP:

For students to be able to check their answers, I suggest numbering the back of the matching puzzle pieces. For example, write a small number one on the top puzzle piece. On the bottom puzzle piece that matches it, write another small number one. This turns the game into a self-checking activity!
