**ADDING & SUBTRACTING WHOLE NUMBERS**

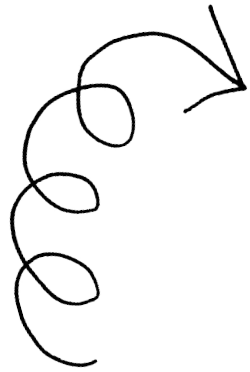

# Build a Snowman Store

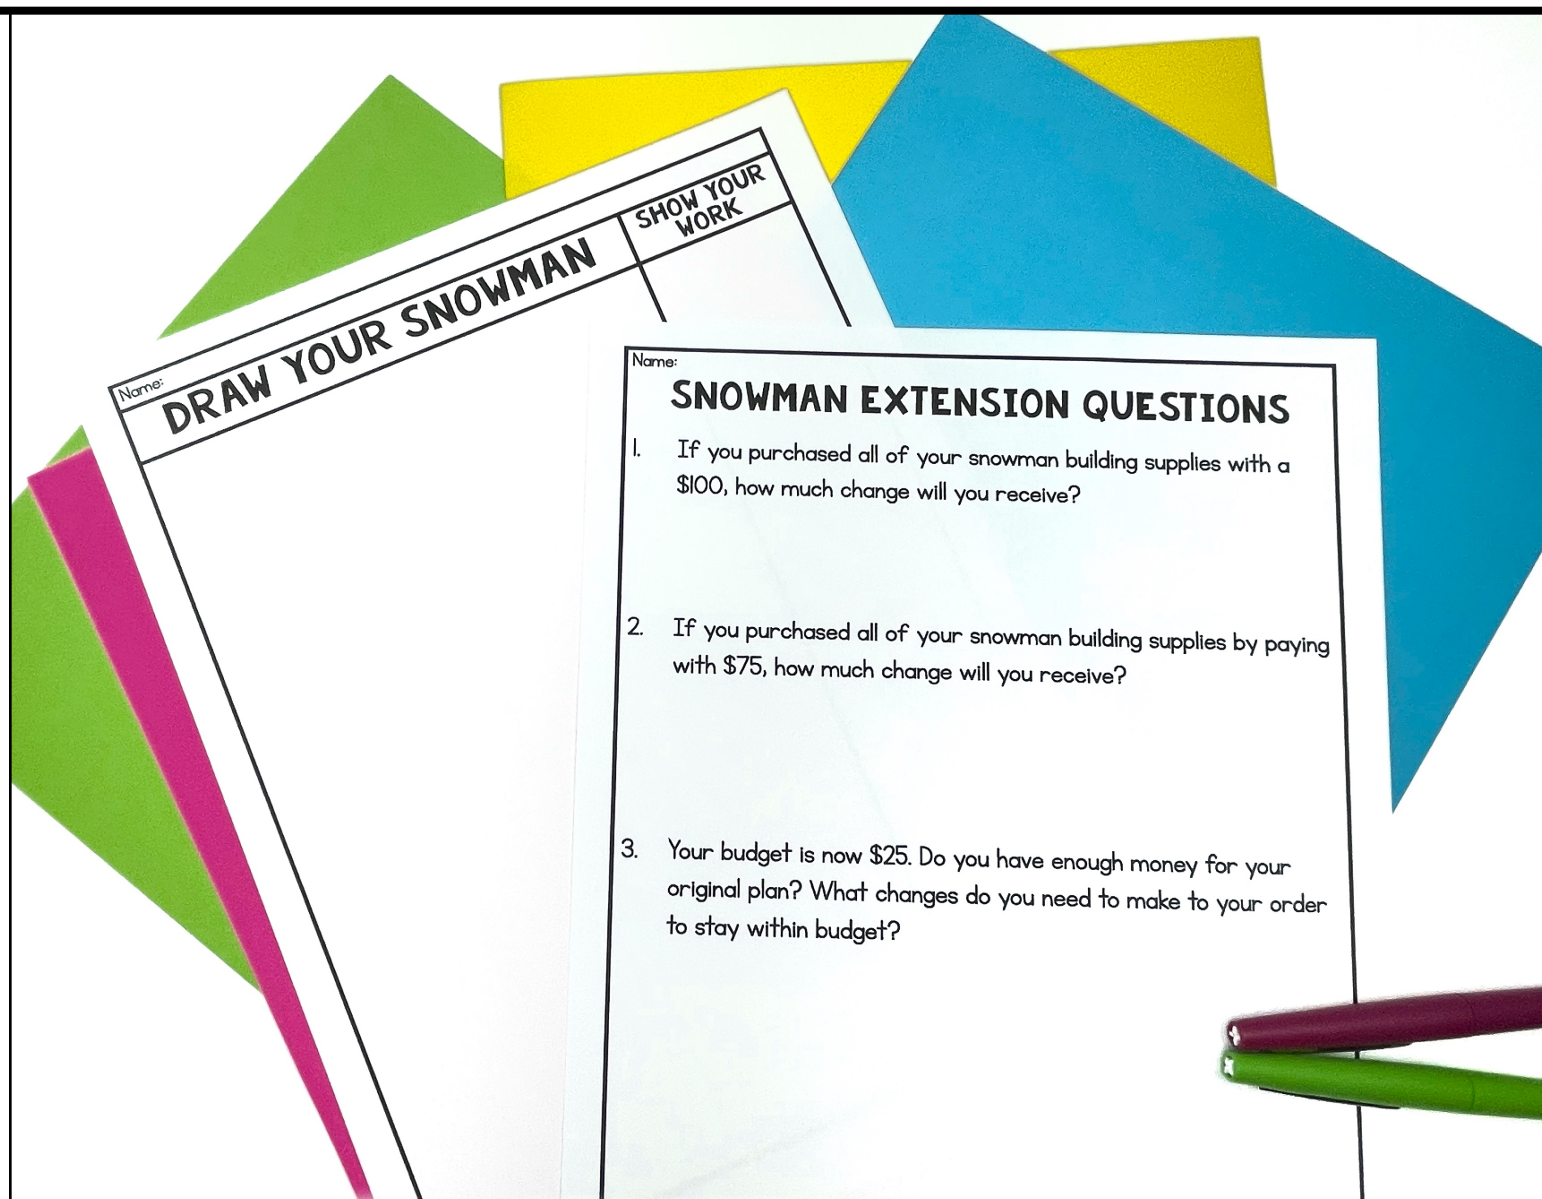

Students can use this store to “purchase” items to build a snowman. As they purchase each part of their snowman, students practice adding and subtracting whole numbers.

Includes  
Extension  
Questions!

# Engaging Activities to use During the Winter Months!

# DESIGN AND BUILD YOUR OWN SNOWMAN

1. Draw pictures of your snowman items.
2. Add the price of each item to find the total cost of your snowman
