- Benjamin Franklin
- Thomas Edison
- Albert Einstein
- Marie Curie
- Steve Jobs
- Johannes Gutenberg
- Wright Brothers
- Eli Whitney
- George Washington Carver

# HAPPY TEACHERS SAID...

Students enjoyed the choice given in selecting their favorite templates. Looked amazing in Book Recommendation display board. Thank you.

Such fun! Makes a wonderful display. Students loved reading what their friends had read. Nothing gets students reading like a friend saying they should read this book!

Such a cute way for students to not only showcase a book they read, but also to change up a bulletin board every month with the theme. Super cute and the students love it!
