BASKETBALL BRACKET

INCLUDES
ANSWER KEYS

HOW TO PLAY:

- Solve each problem. The problem with the highest value moves to the next level of the bracket. Continue comparing values until you finish the entire bracket.
- The final answer in the middle of the bracket should have the highest value of all the problems.
- Due to the number of problems, students will probably need multiple days to complete it.

HOW TO USE:

- Give to students as an early finisher activity. Any time students finish an assignment, they'll take out their bracket to work on.
- Use as a homework or at-home challenge.
- Place at a math center for students to complete.
- Give to students as a bell work or morning activity.
