 - Divisors
- Multiplication Facts
- 2 Digit by 2 Digit Multiplication

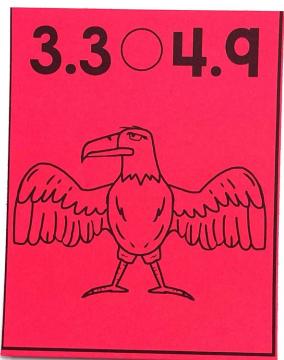

- Multiplying Decimals
- 3 Digit Subtraction with Regrouping
- Adding and Subtracting Fractions with
 - Unlike Denominators
- Comparing Fractions
- Equivalent Fractions
- Dividing Fractions
- Multiplying Fractions
- Rounding Decimals
- Rounding Whole Numbers
- 2 Digit Subtraction Regrouping

Problems

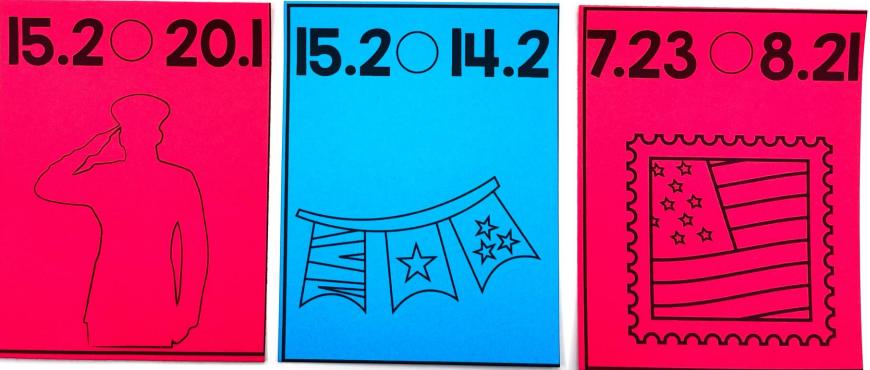

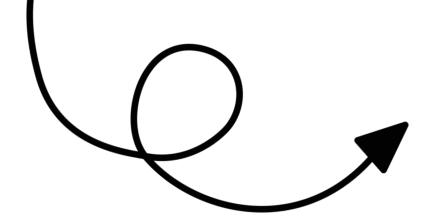

Extension Activity

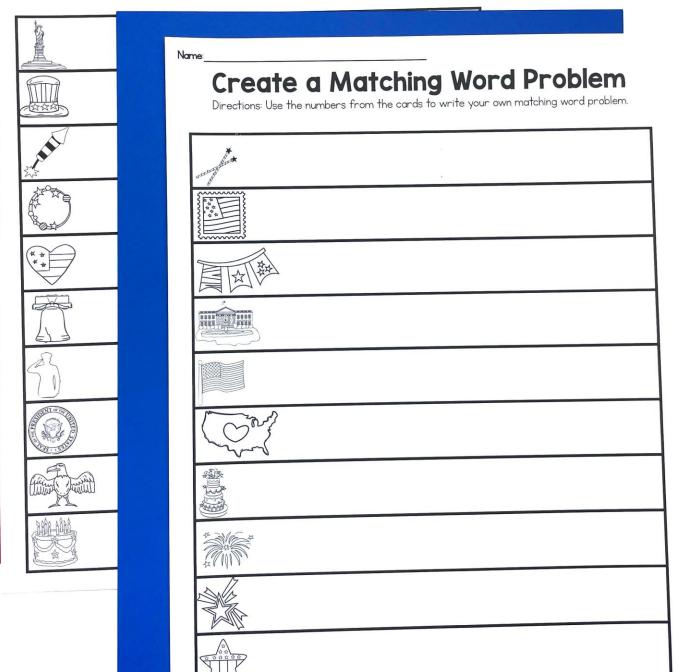

Students create a matching word problem.

Name:_____

Create a Matching Word Problem

Directions: Use the numbers from the cards to write your own matching word problem.

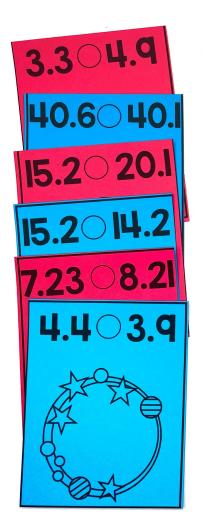

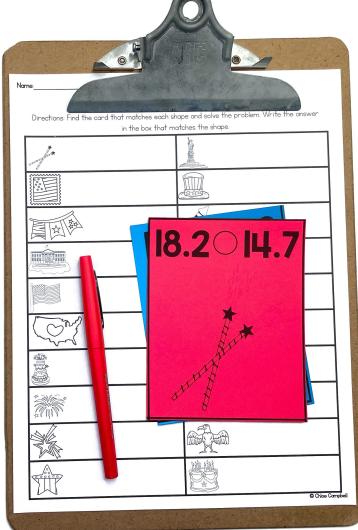

Chloe Campbell EDUCATION

How to Use:

- . Print out each page. You can print on cardstock and/or laminate to help the cards last longer.
- 2. Cut out each card. There are 4 to a page.
- 3. Place the cards around the room or tape the cards to the walls, back of student chairs, doorways, etc.
- 4. Give students a clipboard. They'll walk around the room to find the cards.
- 5. Students will find the card that matches each shape. They'll solve the problem then write the answer in the box that matches the shape.

Students are up and moving around the room while solving math problems. That's a WIN!

Purchase now to see student engagement increase in your classroom!
